

Opponent Origins Tour

What to Expect

Have you ever wondered why someone would choose to attend a university other than their hometown school? What draws recruits to explore opportunities elsewhere? If so, you are not alone. That curiosity inspired The Sound of Creating Memories Event & Travel to create the Opponent Origins Tour.

These excursions are intended to provide an overview of the Opponents' places of origin. Many destinations possess a rich cultural heritage closely connected to their surrounding communities, offering insights that are rarely accessible to visitors.

To support this discovery, we have developed a series of two-day, three-night events hosted in our opponents' hometowns. On the day before the game, participants will take guided tours, explore local cuisine, and visit the sites that help define each community as home to our opponents. In doing so we will get a glimpse of the ramp up festivities going forward into the Day of the Game!

Although this package does not include game tickets, you may contact TSCM individually for assistance with securing tickets for your traveling group. Participants can still enjoy what many consider the best parts of Game Day: tailgating and fan-centered celebrations that bring each host city and team community to life.
